Dear Recipient:

Application for

I Bryan Jeremy Brown would hereby like to apply and be considered for the available post.

I am a 2nd year student at UNISA and in the process of completing my National Diploma in IT. I gained a lot of experience doing school assignments and personal projects, which have given me the proficiency in HTML5, CCS3, JavaScript(ECMAScript2015) with visual studio code, PHP 7+, MySQL, Java (eclipse, netbeans and android studio). My education and experience are a great fit for what you need from a Junior Developer.

I am always willing to learn and I know that as a developer you will never stop learning as there are so many technologies in this field.

I have attached my CV for your review. Looking forward to hear from your company.

Sincerely

BJ Brown
